Outdoor Classroom

Our company motto of "Take the Classroom Outside"

has come about after our research into the benefits of Outdoor Learning for students of all ages.

It makes learning more engaging and relevant, inspires creativity and imagination.

Students develop learning through experimentation with almost limitless resources,

and it can reduce behaviour problems and improve attendance.

We design each available space to suit the environment with age appropriate settings,

and collaborate with both teachers and students

to select either a natural colour scheme or brightly coloured outdoor furniture

to enhance the surroundings.

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*

*NB: Installation through existing **soft-fall**, repairs will be carried out but will be unable to match existing colour.*
