

Buddy and Friendship Benches

Buddy and Friendship Benches

Playground time holds challenges for many children
whether it's because a regular playmate is missing for the day
or because a child hasn't yet developed the social skills, he or she needs to be successful.

The Buddy Bench is designed to add much-needed tools to student's repertoires including:

- Prosocial behaviour
(voluntary behaviour intended to benefit another);
such as inclusion, empathy, sharing and compassion
- Conflict resolution, including ability to identify a problem
and then work together to solve it

Four reasons to use the Buddy Bench:

- If you are new to school
- If you want to make new friends
- If your friends aren't here today
- If you want to be a buddy
