Liberty Bells

C-Major Pentatonic C4-C5

Liberty Bells

Model: C Major Pentatonic C4-C5

Dimensions:

Width: 94cm Height: 133cm

Reminiscent of the small grassland mushrooms, our new Liberty Bells will allow players to experience something magical and bring a little enchantment to the local music park or garden.

Expertly crafted, the aluminum musical bells, tuned to the pentatonic c-major scale, 'sing' when struck with the attached mallets. The stainless-steel 'gill' on the underside of the cap completes the look.

The cluster of six powder-coated conical 'caps' in bright colors and wiggly-shaped stainless steel 'stems' positioned at different heights and angles is an eye-catching piece that will quickly become an instant favorite.

Product Highlights

- Multi-generational Fun
- Pentatonic Tuning - No Wrong Notes!
