Bell Lyre - Unpitched Percussion

Bell Lyre

Model: Unpitched Percussion

Dimensions:

Weight: 25kg

Width: 75cm

Depth: 24cm

Max Height: 190cm

The Bell Lyre is an outdoor instrument made of 8 graduated stainless-steel bells in a beautiful contemporary stand reminiscent of a lyre.

Easy to play and for all ages and abilities, the bells 'sing' when struck with the attached pair of mallets. The sound produced by the Bell Lyre is two-fold; the strike notes and the resonance. The bells range in diameter from 100mm to 290mm, and each bell emits its own sound, with sweet, gentle tones from the bells at the top and deep, sonorous 'gong-like' sounds from the bottom bells.

With an easy single post-installation, the Bell Lyre is a low-maintenance calming addition to any outdoor setting. The mirror-polished stainless-steel bells will reflect the environment and images of passers-by.

Product Highlights

- Charming statement piece
- Reflective polished stainless steel
- Unpitched
- Accessible From All Sides (Disabled Access / ADA)
