Cadenza

Model: C Major Pentatonic (C4-C6)

Cadenza

Model: C Major Pentatonic (C4-C6)

Dimensions:

- Weight: 22kg Width: 58cm Depth: 58cm Height: 85cm

Robust, weather-proof, and durable, the notes of the Cadenza are arranged as a traditional xylophone or glockenspiel with low to high notes going from left to right.

There are no wires or strings; the aluminium notes are individually and securely attached to a high-density polyethylene backboard below. Black anodized aluminium resonators offer maximum vibration with incredible resonance and durability. Each resonator is individually capped with a polyurethane rain baffle.

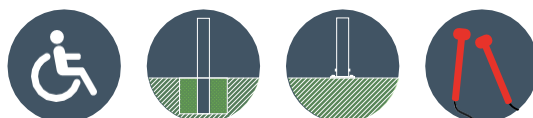

Finally, stainless steel security fixings deter vandalism and prevent the theft or removal of the instrument.

Available as standard with aluminium notes, the Cadenza is also available on request with GRP notes in the color of purple heartwood. Each note material gives its distinct sound when played.

The instrument is designed for ground or surface installation but can also be wall-mounted if floor space is premium.

Product Highlights

- Suitable for ADA Accessible Projects/Parks
- Inclusive Play Equipment
- Different Note Material Options
- Multi-generational Fun

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*
