Cajon Drum Circle

Model: Unpitched Percussion (Set of 3)

Cajon Drum Circle

Model: Set of 3

Dimensions:

- Weight: 20kg Width: 28cm Depth: 36cm Height: 41cm

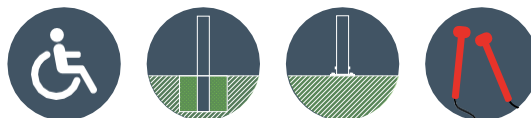

Playing our Cajons in a drum circle requires no previous drumming experience – everyone can participate and enjoy this fun and vibrant sound adventure. Players can quickly develop a common language through playing and listening together.

Responsive and easy to play with an in-built snare at the top and a low bass sound around the middle the Cajon is perfect for impromptu outdoor street performances. These outdoor drums are perfect for street scenes and less supervised areas where some outdoor musical instruments would not stand up to the harsh environment.

Important Note: Cajons should be positioned to minimize sun exposure, either underneath shade or at an angle facing away from the sun. If placed in direct sunlight they may become hot enough to cause contact burn injuries. Alternatively, you may consider the Cajon Deluxe Edition which includes a thick solid hardwood seat - ideal for sunny locations or for those who like to drum in a little more comfort.

Product Highlights

- Instant Drum Circle
- Vandal Resistant
- Just sit on it and start playing!
- Doubles as a seating solution
- Wide range of sounds
- Cajon Deluxe Edition also available.
