Cajons are attractive, highly durable outdoor drums.

Cajon (pronounced Ka-hon) means "box" or "crate" and originates from Peru. Usually made from plywood, ours has a resonating box made from etched stainless steel - perfect for year-round outdoor use.

Responsive and easy to play with an in-built snare at the top and a low bass sound around the middle, the Cajon is perfect for impromptu outdoor street performances. Several Cajons can be situated together to form the perfect Drum Circle.
