Rainbow Chimes

Model: C Major Pentatonic (C5-C6)

Rainbow Chimes

Model: Pentatonic (C5-C6)

Dimensions:

Weight: 12kg

Width: 70cm

Depth: 16cm

Height: 146cm

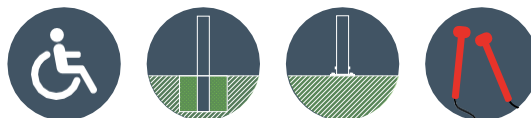

Our small-scale Rainbow Chimes are a wonderful instrument to get young children interested and excited about music. A popular choice with schools and early years groups, the Chimes can be purchased on their own or with rainbow bongos and metallophone to make a colourful ensemble.

The size and colours of these chimes make them particularly appealing for smaller establishments such as nursery schools, pre-schools, and kindergartens. Bright and inviting they are easy to securely fix in the ground, or to a wall, fence, or post. You can even bring the outdoors in by installing the chimes to a wall indoors.

The harmonious pentatonic notes are ideal for developing a sense of rhythm and coordination in children.
