The design and performance of our Rainbow Trio Ensemble are not compromised by size.

Using the same high-quality materials, this little Trio easily matches the sound and durability found in our full-sized instruments, just on a smaller scale.

The trio creates a safe musical haven for exploring new sounds in the fresh air. You can even bring the outdoors in by installing the instruments to a wall indoors

Bright and inviting, this ensemble is perfect for smaller establishments such as nursery schools, pre-schools, and kindergartens.

Also ideal for music exhibits in children’s museums and family-friendly attractions.
