Percussion Play

Inspired By Nature Collection

Where music, nature and creative thinking meet.

A charming ensemble inspired by the spirit and rhythms of nature.

This nature-themed trio comprises a Sunflower, a Minor Bunch of Harmony Bells, and our new Liberty Bells to add a magical vibe.

Yarning Circle

Encourages the connection to Aboriginal Culture and Heritage and promotes the ideals of:

Listening and Talking,

Teamwork and Unity,

Trust and Tenderness,

Belonging and Story Telling.

Shade Sails or Shelters can be added for protection from the elements.

Sensory panels are valuable tools in special education, offering interactive, multi-sensory experiences that support emotional regulation, focus, and engagement. They help students with sensory processing needs explore textures, lights, and sounds in a safe, calming way. By encouraging fine motor skills and cognitive development, sensory panels make learning more accessible, enjoyable, and inclusive for all students.
