Ground Install: Weight 20kg

Surface Install: Weight 26kg

Wall Install: Weight 15kg

Max Height: 1480mm 670mmW 590mmH

Introducing our vibrant musical dragonfly, elegantly designed in bright blue and green with black accents.

This enchanting creature produces beautiful bell sounds that inspire children to unleash their creativity while enjoying the outdoors.

It features a high-pressure laminate (HPL) body and four transparent acrylic wings etched with a network of 'veins.' The thorax features 13 aluminum bells tuned to a chromatic scale from G5 to G6, with alternating blue and green bells separated by black bells. The black bells denote the flat and sharp notes.

The dragonfly can be mounted on a stainless-steel post or installed using fixings that can be retrofitted to our existing instruments, play equipment, fences, and walls.

Product Highlights:

- Visually stimulating and playful
- Great sound
- Engaging sensory resource
- Retrofit Option
- Sparks discussions about the natural world
- Suitable for Inclusive Playgrounds

*NB: Installation through existing **synthetic grass**, repairs will be carried out but will be unable to match existing quality.*

*NB: Installation through existing **soft-fall**, repairs will be carried out but will be unable to match existing colour.*
